

GeoShred MIDI Now for iPad AND iPhone

... it's not just an app, it's an *INSTRUMENT!*

Props

"...one of the most innovative, groundbreaking products to emerge in the past twelve months"
- **Electronic Musician, 2017 Editor's Choice**

"GeoShred is brilliant- it's a real instrument."
- **Eddie Jobson**

"A fantastic new invention which is going to revolutionize the way music is played, expressed and learned! 'GeoShred' is one of the foremost best musical inventions I've had the pleasure to experience in recent years. Definitely 5 stars out of 5! GIGANTASTIVISSIMO....R...A...Z !!!!!"
- **Patrick Moraz**

"That's just nuts. You're [Jordan] the best-guitarist-without-a-guitar of all time."
- **Joe Satriani**

"GeoShred is a breakthrough [musical instrument] for the iPad. Some might think it's the best evidence yet that there has indeed been reverse engineering of alien technology, but if that's the case, then aliens play guitar... and worship Jimi Hendrix."
- **Craig Anderton, Harmony Central**

GeoShred, winner of a 2017 *Electronic Musician* Editor's Choice Award as "one of the most innovative, groundbreaking products to emerge in the past twelve months," is now a universal app that runs on iPads AND iPhones.

GeoShred is an expressive musical instrument with a multi-touch performance surface, coupled with an advanced physical model of a guitar and full support for MIDI In/Out and MPE (MIDI Polyphonic Expression). It's a fusion of Wisdom Music's Geo Synthesizer user interface (Jordan Rudess), and moForte's powerful, modeled guitar and effects chain based on the next generation Physical Modeling research of Dr. Julius O. Smith III of Stanford/CCRMA.

GeoShred MIDI 2.3 Features

- iPad and iPhone
- Fluidly expressive playing surface coupled with a physically modeled guitar
- MIDI In/Out and MPE
- MIDI presets
- Intelligent pitch rounding
- IAA and Audiobus support
- Over 20 modeled effects
- Built in arpeggiator
- Programmable control surface with MIDI mapping
